---

## **Purpose/Mission**

- Develop Windy Ridge (WR) property
- Accommodate guests
- Look after the employees of Windy Ridge
- Act as Trustees of WR expenses as it relates to the grounds
- Realize and deal with the responsibilities of having employees that are also tenants and thus provide for their needs as well
- Develop an action plan for marketing
- Extract the resources of WR (timber, lease agreements, Natural Gas companies' needs, etc.)
- Work with SPC Church Office to develop proper and updated materials such as rates, contracts, menus, brochures
- Consider ways to be part of the Greene County community
- Consider WR as a mission field, not a profit center, while trying to balance the costs and need to make some money
- Creative thinking as it relates to what WR could be, (what is the potential for 310 acres of land in Greene County like high ropes or different buildings, maybe bringing back horses like they've had in the past as an example) going forward with money or without money from gas
- Address safety concerns
- Address insurance Concerns (liability?)
